(2) Nonbinding vote

A shareholder vote described in paragraph (1) shall not be binding on the board of directors of a TARP recipient, and may not be construed as overruling a decision by such board, nor to create or imply any additional fiduciary duty by such board, nor shall such vote be construed to restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation.

AMENDMENTS

2009—Pub. L. 111-5 amended section generally. Prior to amendment, section consisted of subsecs. (a) to (d) relating to applicability of requirements, direct purchases of troubled assets, auction purchases of troubled assets, and sunset of provisions, respectively.

Subsec. (g). Pub. L. 111-22 substituted “, at the market price, may liquidate warrants associated with such assistance” for “shall liquidate warrants associated with such assistance at the current market price”.

§ 5222. Coordination with foreign authorities and central banks

The Secretary shall coordinate, as appropriate, with foreign financial authorities and central banks to work toward the establishment of similar programs by such authorities and central banks. To the extent that such foreign financial authorities or banks hold troubled assets as a result of extending financing to financial institutions that have failed or defaulted on such financing, such troubled assets qualify for purchase under section 5211 of this title.

(Pub. L. 110-343, div. A, title I, § 112, Oct. 3, 2008, 122 Stat. 3777.)

§ 5223. Minimization of long-term costs and maximization of benefits for taxpayers

(a) Long-term costs and benefits

(1) Minimizing negative impact

The Secretary shall use the authority under this chapter in a manner that will minimize any potential long-term negative impact on the taxpayer, taking into account the direct outlays, potential long-term returns on assets purchased, and the overall economic benefits of the program, including economic benefits due to improvements in economic activity and the availability of credit, the impact on the savings and pensions of individuals, and reductions in losses to the Federal Government.

(2) Authority

In carrying out paragraph (1), the Secretary shall—

(A) hold the assets to maturity or for resale for and until such time as the Secretary determines that the market is optimal for selling such assets, in order to maximize the value for taxpayers; and

(B) sell such assets at a price that the Secretary determines, based on available financial analysis, will maximize return on investment for the Federal Government.

(3) Private sector participation

The Secretary shall encourage the private sector to participate in purchases of troubled assets, and to invest in financial institutions, consistent with the provisions of this section.

(b) Use of market mechanisms

In making purchases under this chapter, the Secretary shall—

(1) make such purchases at the lowest price that the Secretary determines to be consistent with the purposes of this chapter; and

(2) maximize the efficiency of the use of taxpayer resources by using market mechanisms, including auctions or reverse auctions, where appropriate.

(c) Direct purchases

If the Secretary determines that use of a market mechanism under subsection (b) is not feasible or appropriate, and the purposes of the chapter are best met through direct purchases from an individual financial institution, the Secretary shall pursue additional measures to ensure that prices paid for assets are reasonable and reflect the underlying value of the asset.

(d) Conditions on purchase authority for warrants and debt instruments**(1) In general**

The Secretary may not purchase, or make any commitment to purchase, any troubled asset under the authority of this chapter, unless the Secretary receives from the financial institution from which such assets are to be purchased—

(A) in the case of a financial institution, the securities of which are traded on a national securities exchange, a warrant giving the right to the Secretary to receive non-voting common stock or preferred stock in such financial institution, or voting stock with respect to which,¹ the Secretary agrees not to exercise voting power, as the Secretary determines appropriate; or

(B) in the case of any financial institution other than one described in subparagraph (A), a warrant for common or preferred stock, or a senior debt instrument from such financial institution, as described in paragraph (2)(C).

(2) Terms and conditions

The terms and conditions of any warrant or senior debt instrument required under paragraph (1) shall meet the following requirements:

(A) Purposes

Such terms and conditions shall, at a minimum, be designed—

(i) to provide for reasonable participation by the Secretary, for the benefit of taxpayers, in equity appreciation in the case of a warrant or other equity security, or a reasonable interest rate premium, in the case of a debt instrument; and

(ii) to provide additional protection for the taxpayer against losses from sale of assets by the Secretary under this chapter and the administrative expenses of the TARP.

(B) Authority to sell, exercise, or surrender

The Secretary may sell, exercise, or surrender a warrant or any senior debt instrument received under this subsection, based on the conditions established under subparagraph (A).

(C) Conversion

The warrant shall provide that if, after the warrant is received by the Secretary under this subsection, the financial institution that issued the warrant is no longer listed or traded on a national securities exchange or securities association, as described in para-

graph (1)(A), such warrants shall convert to senior debt, or contain appropriate protections for the Secretary to ensure that the Treasury is appropriately compensated for the value of the warrant, in an amount determined by the Secretary.

(D) Protections

Any warrant representing securities to be received by the Secretary under this subsection shall contain anti-dilution provisions of the type employed in capital market transactions, as determined by the Secretary. Such provisions shall protect the value of the securities from market transactions such as stock splits, stock distributions, dividends, and other distributions, mergers, and other forms of reorganization or recapitalization.

(E) Exercise price

The exercise price for any warrant issued pursuant to this subsection shall be set by the Secretary, in the interest of the taxpayers.

(F) Sufficiency

The financial institution shall guarantee to the Secretary that it has authorized shares of nonvoting stock available to fulfill its obligations under this subsection. Should the financial institution not have sufficient authorized shares, including preferred shares that may carry dividend rights equal to a multiple number of common shares, the Secretary may, to the extent necessary, accept a senior debt note in an amount, and on such terms as will compensate the Secretary with equivalent value, in the event that a sufficient shareholder vote to authorize the necessary additional shares cannot be obtained.

(3) Exceptions**(A) De minimis**

The Secretary shall establish de minimis exceptions to the requirements of this subsection, based on the size of the cumulative transactions of troubled assets purchased from any one financial institution for the duration of the program, at not more than \$100,000,000.

(B) Other exceptions

The Secretary shall establish an exception to the requirements of this subsection and appropriate alternative requirements for any participating financial institution that is legally prohibited from issuing securities and debt instruments, so as not to allow circumvention of the requirements of this section.

(b) Disclosure

For each type of financial institutions¹ that sells troubled assets to the Secretary under this chapter, the Secretary shall determine whether the public disclosure required for such financial institutions with respect to off-balance sheet transactions, derivatives instruments, contingent liabilities, and similar sources of potential exposure is adequate to provide to the public sufficient information as to the true financial position of the institutions. If such disclosure is not adequate for that purpose, the Secretary shall make recommendations for additional disclosure requirements to the relevant regulators.

(1) Effective upon October 3, 2008, such authority shall be limited to \$250,000,000,000 outstanding at any one time.

(2) If at any time, the President submits to the Congress a written certification that the Secretary needs to exercise the authority under this paragraph, effective upon such submission, such authority shall be limited to \$350,000,000,000 outstanding at any one time.

(3) If, at any time after the certification in paragraph (2) has been made, the President transmits to the Congress a written report detailing the plan of the Secretary to exercise the authority under this paragraph, unless there is enacted, within 15 calendar days of such transmission, a joint resolution described in subsection (c), effective upon the expiration of such 15-day period, such authority shall be limited to \$475,000,000,000.

(4) For purposes of this subsection, the amount of authority considered to be exercised by the Secretary shall not be reduced by—

(A) any amounts received by the Secretary before, on, or after July 21, 2010, from repayment of the principal of financial assistance by an entity that has received financial as-

sistance under the TARP or any other program enacted by the Secretary under the authorities granted to the Secretary under this chapter;

(c) Joint resolution of disapproval**(1) In general**

Notwithstanding any other provision of this section, the Secretary may not exercise any authority to make purchases under this chapter with regard to any amount in excess of \$350,000,000,000 previously obligated, as described in this section if, within 15 calendar days after the date on which Congress receives a report of the plan of the Secretary described in subsection (a)(3), there is enacted into law a joint resolution disapproving the plan of the Secretary with respect to such additional amount.

(2) Contents of joint resolution

For the purpose of this section, the term “joint resolution” means only a joint resolution—

(A) that is introduced not later than 3 calendar days after the date on which the report of the plan of the Secretary referred to in subsection (a)(3) is received by Congress;

(B) which does not have a preamble;

(C) the title of which is as follows: “Joint resolution relating to the disapproval of obligations under the Emergency Economic Stabilization Act of 2008”; and

(3) Proceeding to consideration

After each committee authorized to consider a joint resolution reports it to the House or has been discharged from its consideration, it shall be in order, not later than the sixth day after Congress receives the report described in subsection (a)(3), to move to proceed to consider the joint resolution in the House. All points of order against the motion are waived. Such a motion shall not be in order after the House has disposed of a motion to proceed on the joint resolution. The previous question shall be considered as ordered on the motion to its adoption without intervening motion. The motion shall not be debatable. A motion to reconsider the vote by which the motion is disposed of shall not be in order.

(4) Consideration

lution) are waived. The motion to proceed is not debatable. The motion is not subject to a motion to postpone. (A) The joint resolution of the other House shall not be referred to a committee.

(B) With respect to a joint resolution of the House receiving the resolution—

(4) Consideration after passage

(A) In general

(1) In general

Any program established by the Federal Government to create a public-private investment fund shall—

(A) in consultation with the Special Inspector General of the Trouble¹ Asset Relief Program (in this section referred to as the “Special Inspector General”), impose strict conflict of interest rules on managers of public-private investment funds to ensure that securities bought by the funds are purchased in arms-length transactions, that fiduciary duties to public and private investors in the fund are not violated, and that there is full disclosure of relevant facts and financial interests (which conflict of interest rules shall be implemented by the manager of a public-private investment fund prior to such fund receiving Federal Government financing);

(B) require each public-private investment fund to make a quarterly report to the Secretary of the Treasury (in this section referred to as the “Secretary”) that discloses the 10 largest positions of such fund (which reports shall be publicly disclosed at such time as the Secretary of the Treasury determines that such disclosure will not harm the ongoing business operations of the fund);

(C) allow the Special Inspector General access to all books and records of a public-private investment fund, including all records of financial transactions in machine readable form, and the confidentiality of all such information shall be maintained by the Special Inspector General;

(F) require each manager of a public-private investment fund to develop a robust ethics policy that includes methods to ensure compliance with such policy;

(G) require strict investor screening procedures for public-private investment funds; and

(H) require each manager of a public-private fund to identify for the Secretary, on a periodic basis, each investor that, individually or together with affiliates, directly or indirectly, holds equity interests equal to at least 10 percent of the equity interest of the fund including if such interests are held in a vehicle formed for the purpose of directly or indirectly investing in the fund.

(2) Interaction between public-private investment funds and the Term-Asset Backed Securities Loan Facility

The Secretary shall consult with the Special Inspector General and shall issue regulations governing the interaction of the Public-Private Investment Program, the Term-Asset Backed Securities Loan Facility, and other similar public-private investment programs. Such audits or investigations shall determine the existence of any collusion between the loan recipient and the seller or originator of the asset used as loan collateral, or any other conflict of interest that may have

led the loan recipient to deliberately overstate the value of the asset used as loan collateral.

(d) Rule of construction

Notwithstanding any other provision of law, nothing in this section shall be construed to apply to any activity of the Federal Deposit Insurance Corporation in connection with insured depository institutions, as described in section 1823(c)(2)(B) of this title.
